

BIT 1204: Fundamentals of Website Development

Assignment #3

Website Header Logo and Slider Images Design

Objective: Create a website header logo and three slider images that are well-edited to fit on the homepage.

Tools: Graphic design software such as Adobe Photoshop or Illustrator, GitHub account for uploading the assignment.

Instructions

1. Header Logo Design

- Design a simple, eye-catching logo that represents the website's brand or theme.
- Ensure the logo is scalable and looks good in different sizes.
- Use appropriate colors and fonts that align with the website's design aesthetic.
- The Logo MUST be Transparent (no background)
- Save the logo in a suitable format (e.g., PNG, SVG) for web use.
- Upload the logo file to your GitHub repository.

2. Slider Images Editing

- Choose three high-quality images relevant to the website's content or theme.
- Edit each image to fit the dimensions of the website's slider.
- Ensure the images are visually appealing and engaging to website visitors.
- Use image editing techniques (e.g., cropping, resizing, color adjustments) to enhance the images.
- Pay attention to composition and clarity to maintain image quality on different screen sizes.
- Save each edited image in a web-friendly format (e.g., JPEG, PNG) with optimized file size for faster loading.
- Upload the edited images to your GitHub repository.

3. GitHub Repository

- Create a new repository on GitHub for this assignment.
- Upload the header logo file and edited slider images to the repository.
- Write a README.md file explaining the purpose of the repository and providing any additional information about the assignment.
- Share the link to your GitHub repository for review.

Submission Requirements

- GitHub repository link containing the header logo and edited slider images.
- Ensure all files are properly named and organized within the repository.
- Submit the Git link on derek@mmu.ac.ug with an Email Subject: "Your Name and Registration Number" not later than 11th March 2024

Deliverables

- Header Logo (File Format: PNG/SVG)
- Slider Image 1 (File Format: JPEG/PNG)
- Slider Image 2 (File Format: JPEG/PNG)
- Slider Image 3 (File Format: JPEG/PNG)
- README.md file explaining the assignment and providing GitHub repository link.

Note: This assignment aims to develop skills in graphic design and web image editing, as well as familiarize students with version control using GitHub.
